**** Berkley's policy seems to cover all liability for property damage to the tenant's own home. Here is the exclusion language on PDF page 15 of the Berkley policy:

7. Property in Your Care

We do not cover "property damage" to property owned by, or in the custody, care or control of an "insured". This exclusion does not apply to "property damage":

- a. Caused by fire, smoke or explosion; or*
- b. To a residence that you rent to live in.*
